APPENDIX D:

ADDENDUM REGARDING CASES ASSIGNED TO JUDGE SCHNEIDER

To facilitate efficient management of cases being assigned to United States District Judge Michael Schneider pursuant to the foregoing Order to which this addendum is attached, the parties to all such cases and their counsel of record are advised and directed that all scheduling orders, docket control orders, deadlines, and previously established procedures will remain in effect until further order of the Court. The reassignment of cases is not good cause for requesting a continuance or reconsideration of decisions and orders previously entered by the transferring court.

APPENDIX E:

ADDENDUM REGARDING CASES ASSIGNED TO JUDGE GILSTRAP

In order to facilitate the efficient management of those certain cases being assigned to United States District Judge Rodney Gilstrap pursuant to the foregoing Order to which this addendum is attached (“assigned cases”) the parties to all such cases and their counsel of record are ordered and directed as follows:

A. Continuance of Court Settings and Stay of Certain Deadlines

All evidentiary hearings, arguments, and other court appearances are hereby continued. All filing deadlines are stayed pending the entry of a new docket control order for a period of 45 days or until earlier Order of the Court. However, the parties must continue to provide all mandatory disclosures and discovery, and complete any scheduled depositions.

B. File Joint Motion for a New Trial Date

Within 14 days of this Order, the Plaintiff shall file a Joint and Unopposed Motion for a New Trial Date on behalf of all parties. The Joint Motion for a New Trial Date must follow the same format as the model motion provided on the Court’s website at <http://www.txed.uscourts.gov/d/23681>. The parties shall meet and confer and then jointly submit the motion, which must include the following information:

- **Current Parties:** The current parties in the case and their counsel of record.
- **Future Settings:** Existing Markman hearing, pretrial conference, jury selection, or trial dates as are currently set in this matter.
- **Related Cases:** A list of related cases pending before Judge Gilstrap, a description of how the cases are related, and a statement of whether the parties believe the cases should be consolidated for pre-trial purposes. A case is considered related to another when the cases concern substantially the same parties, property, transaction, or event. In patent cases, the description required above must include the asserted patents at issue in each related case.

- Mediation: A statement of whether a mediator has been appointed to the case, and if not, a request that the Court appoint a mediator or an agreed upon mediator acceptable to all of the current parties.
- Pending Motions: A list of pending motions, identified by title, case number and docket number, requiring the Court's attention.
- Motions that are Moot: A list of motions, identified by title and docket number, that are now moot. The Court intends to promptly enter an order denying such motions as moot.
- Other Issues Concerning Case Management: A brief description of any issues concerning case management that the parties believe are significant and should be brought to the Court's attention.

After the Court has considered the parties' motion, the Court will provide the parties with a jury selection date. In patent cases, a *Markman* hearing date will also be provided. The parties shall jointly submit a proposed docket control order, in the form of the Court's model docket control order, within seven (7) days of being provided with a jury selection date.

C. File Joint Motion for Entry of a Discovery Order

Within fourteen (14) days of this Order, the Plaintiff shall file a Joint and Unopposed Motion for Entry of a Discovery Order. The parties are expected to meet and confer to jointly prepare and submit with such Motion a proposed discovery order that follows the model discovery order available on the Court's website. If, despite a good faith effort through the meet and confer process, the parties are unable to agree on a particular discovery order provision, then the parties shall file a Joint Motion for Entry of a Discovery Order which shall include therein their competing proposals, in a single motion, including an explanation of the parties' differing positions. In such case, the Court will consider the joint but un-agreed motion and enter a Discovery Order which addresses the areas of disagreement. The parties are excused from submitting a proposed discovery order if discovery in this case has been completed.
